N.B.—European diet scale is omitted as there has not been any demand; it will have to be substituted for native diets, if required, and that rarely. Baked bread to be substituted for sojee, or rice or both, if any patient desires it. The rate of each of the articles constituting the several diets mentioned above should be given, milk in imperial pints per rupee, and other articles in seers, pounds and ounces per rupee.

N.B.—Men who do not eat meat to get 2 oz. of bread and 1 oz. of dal instead of each ounce of meat in half and full diets.
